

BRISTOL FLEX LOUNGE

Flex Cover provides customers with the option to replace the different fabrics that were originally upholstered to the chair, settee or sofa. We utilize the same style of puzzle cut frames across all our products to ensure the foundation of the unit is of the highest quality and comfort. Arched springs and commercial grade foam are used to achieve the same level of comfort in a Flex Cover model that can be experienced in a traditional single piece frame. The process to change out fabric can be accomplished without any tools or special training. Simply turn the unit over, loosen and remove the large hand knobs and pull the components apart. The fabric is "fastened" to the frame with heavy-duty Velcro that can be pulled apart and removed. To complete the re-upholstering, simply take the new covers, slip them over the components in the reverse order from the removal steps.

SF5101V Bristol Flex Chair
30.5" d x 33" w x 32.5" h
25.5" arm ht 17.5" seat ht
