

MTF3680H Hexcel Mattress | 959HL-L-A3680-LO Hook Lock Low Loft Bed

What sets **HEXcel®** apart from the competition is its **HEXFactor™** - durable, affordable, and comfortable. With a unique blend of high-grade Nylon 6.6, **HEXcel®** mattress ticking maximizes impact and abrasion resistance, moisture wicking, stain resistance and industry-leading tear strength -40% greater than standard nylon. When combined with an advanced naturally fire resistant thermosetting polyurethane polymer that shields against mold, mildew, and abrasive cleaning agents; **HEXcel®** provides easy to care for Kevlar-like mattress protection.

Key Factors:

- 40% Greater tear strength than standard nylon
- Durable, Comfortable, Antifungal, Flame Resistant, Stain/Liquid Resistant
- Impact Resistant
- Durable, yet lightweight & comfortable
- Upscale look free of color degradation
- Impact & abrasion-resistant with integrated slip resistance
- Rip top/Kevlar-like protection
- Shields against stains, moisture, mold & mildew
- Natural fire resistance – melts vs burns
